

If you want to improve your technique and knowledge, this is the one for you.

Finally available in English, is the best-selling acupuncture training DVD from Japan! This is the original DVD designed, produced and directed by Masakazu Ikeda and Edward Obaidey, specifically for training purposes. The DVD features the hand techniques of a master acupuncturist who is well-grounded in Classical Chinese Medical theories. You will learn the practical fundamentals of:

- **diagnosis**
- **point location**
- **needling techniques for yin and yang syndromes**
- **moxibustion techniques for yin and yang syndromes**

Ikeda Masakazu graduated from the Meiji College of Oriental Medicine in 1968. Since then he has been in practice, researching and clinically employing acupuncture, moxibustion and herbal medicine according to the theories contained in the classic texts of Oriental Medicine. A prolific writer, Ikeda Sensei is the author of countless journal articles and 23 published books including the popular Classics of TCM Handbook Series (Su Wen Handbook, Ling Shu Handbook, Shang Han Lun Handbook, Nan Jing Handbook, and Jing Gui Yao Lue Handbook), How to Study the Classics to Benefit Your Clinical Practice, and Simplified Commentaries on the Classics of Oriental Medicine. Ikeda Sensei has served as the president of the academic department of the Society of Traditional Japanese Medicine and is the current academic director of the Japan Meridian Therapy Society. He continues to lecture in Japan, Australia, and the U.S.
